## Parks & Recreation Gift Catalog

The City of Dixon offers a unique and creative opportunity for you to invest in your community. The Gift Catalog has been established to encourage individuals, businesses and community organizations to help provide financial assistance for needed programs. A donation from the Gift Catalog's list could provide a variety of items that will enhance our parks, community events, facilities and recreation programs. Donations may include park benches and trees, or funding to assist with a special event such as a Movie in the Park or the Recreation Scholarship Program. Your gift is an investment that will benefit the citizens of Dixon.

All donors will receive a certificate of appreciation and public acknowledgement. Each contribution, regardless of size, is important and greatly appreciated.

These gifts today will become the treasures of tomorrow. Give a gift and help support our parks and recreation system. Become a partner and support your local parks and recreation programs.

Use this guide and help make the City of Dixon a place for everyone to enjoy!

As donations vary greatly in their impact on parks and facilities, the review process will be tailored according to the proposal's complexity.

Donations should cover the total cost of the project, be sensitive to all park users, be sensitive to the design standards required for public spaces; be sensitive to the long-term cost of maintenance.

Donations of time are welcome in addition to cash donations.

Those interested in donating should complete the Donation Interest Form and return it to the City of Dixon. The process begins with staff meeting with potential donor/sponsor regarding donation. If donor/sponsor is in need of ideas on items to donate staff can recommend items for donation or help scope out a project.
