Dates: December 5th thru 9th 2016

Times: 08:00-17:00 hrs (40 hours)

Cost: \$350.00

Location: Dixon Fire Department 205 Ford Way, Dixon, CA 95620

Description:

This course provides the student with information on pump construction and theory of pump operations. Topics include methods for performing basic hydraulics and techniques on basic inspections, documentation, maintenance, and troubleshooting fire pumps. Each student also has the opportunity to increase his or her pumping skills during simulated pumping conditions.

Prerequisite:

A California Class A, B, or C driver's license with the fire fighter endorsement.

Students Bring:

Students must provide their own duty boots, work gloves, safety goggles and a copy of Pumping and Aerial Apparatus Driver/Operator Handbook, IFSTA 3rd ed. (ISBN: 978-0879395711). Students are encouraged to provide an apparatus on Thursday December 8th to enhance the learning experience; however, it is not required.
