Gymboree Restructuring

As part of the Gymboree Corporation's court-supervised

restructuring, they have announced that 350 of its stores will be closing nationwide including 24 in California. Locally, this means the Gymboree at Solano Mall in Fairfield will be closing. Gymboree Inc. is the top employer in the City of Dixon as well as one of our top sales tax producers.

Their website notes "We will remain open for business as usual throughout this process. You may have read about and even experienced first-hand other companies that have continued to serve their customers while going through this process, ultimately thriving over the long term as a result. We expect the same for all three of Gymboree's brands as we work to create an even better company for the future."

Solano County Assessment Roll Value Increases

The Solano County Assessment Roll value has increased to \$52.1 billion, an increase of \$2.9 billion over the 2016-17 value or 5.95% countywide. Dixon is waiting to get specific details as to how our numbers compare to last year's value.
